Normally, you will complete ONE form for *each school* administering the assessments.

Pro-Core **Form A** tests are administered at the beginning of the year as a diagnostic *pre-test*. **Form B** tests are *normally* given later in the year as an *interim/formative* test. The Pro-Core **Form C** tests are administered as a *post-test*. Pre- and post-test score differences are used to determine Student Growth and Teacher Effectiveness.

**Please be aware that students will NOT be able to begin using the P-C online Short Cycle Assessments system until AFTER the Form A pre-tests are administered**

“On Track” student growth and teacher effectiveness reports require that BOTH Form A and Form C tests are administered.

In order to take advantage of all the special features of the Pro-Core system, we recommend that you group, enroll and/or test your students by individual subject teacher classes—not by homeroom teachers nor by large subject-only groups.

**See Section C titled “Grouping Students and Organizing Your School Data File” for information on setting up and organizing your enrollment data file.**
