The Item Analysis Report shows the test question’s Pro-Core state Standard number, the Question itself, the Percent of student responding correctly, the question Type, and the estimated Depth of Knowledge needed to respond to the question.

The Count of students responding and percent of correct and incorrect responses to each possible response is also shown. Selecting “**Load**” in the **Student Data** column shows the individual student responses to the question.

### 2. Standards Detail Report

The Standards Detail Report provides a comparison of state standards scores in each test by Subject and Form in each teacher’s class. Essentially, it shows mastery or non-mastery of each state standard on each test.

Student Name	Student Code	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22	23	24	25	%Avg

## Teacher Effectiveness Report

The Student Growth-Teacher Effectiveness Report is available after the Pro-Core Form B or Form C assessments are administered. The report converts assessment percent scores into Normal Curve Equivalents (NCEs) to show how much academic progress students have made between the Pro-Core pre-test (Form A) and the formative (Form B) or post-test (Form C).

**WARNING:** The SG-TE reports should be generated *after* all students have completed the Form B formative or Form C post-test. Form A and C tests in particular should be “disabled” at the end of the testing windows so that the SG-TE results don’t change. **See the District Administrator’s Guide, pages F-3 for more information on Enabling/Disabling tests.**

Student growth (SG) and teacher effectiveness (TE) rankings are automatically computed for each teacher’s class. There are four SG-TE reports: 1) Teacher Summary-combined subjects, 2) Teacher Summary-same subjects, 3) Student Detail, 4) Subject Summary.

**See more information** on Student Growth and Teacher Effectiveness on our web site Support > FAQ page at <http://pro-core.us/faq.html>.

## 1) SG-TE Teacher Summary – Combined subjects

The Student-Growth Teacher Effectiveness Summary-Combined subjects report shows whether students in teachers' classes have met growth target scores. This report combines and averages all the teacher's subject area classes. Pre-post test % scores and NCE differences along with standardized growth scores (SGS) and teacher effectiveness ranking are included. **This report may be used for state reporting purposes.**
