

District Administrator Log-in and Editing Functions: Individual and Batch Procedures (Non-Clever/ClassLink Schools)

NOTE: Schools using **Clever** or **ClassLink** MUST follow the enrollment instructions in **Section C**.

Sections **D** and **E** of the *Pro-Core User Manual* contains District Administrator school set-ups and enrollment procedures. The **student system** and **test access controls** are found in **Section G**. These are available to the District Manager and district level users who have been added to the system. See page **E-2** for information on “Adding/Editing District Level Users.”

District Administrator Log-In

NOTE: District Administrators will log-in at a *special district administrator-only url* emailed by Ben Hemingway to the “**District** Managing Administrator” and/or “Tech Contact Person.” The **School** Administrator/Principal log-in and functions are presented in **Section I**.

In the *special District Administrator’s url Pro-Core Account window*, key-in your Pro-Core Administrator ID, and password. Your password will appear as *dots ●●●* for security.

The image shows a screenshot of a web browser window titled "Login to ProCore Account". The window contains a login form with the following elements:

- A text input field labeled "Username".
- A text input field labeled "Password".
- A checkbox labeled "Remember me".
- A yellow "Login" button.

Two red callout boxes with white text and arrows point to the form fields:

1. Key-in your Username (points to the Username field)
2. Key-in your password (points to the Password field)

View/Add/Edit Teachers and Subject Classes – “Individual” vs “Batch” editing

Update In addition to “individual” student, teacher, and class editing functions, the District Administrator or District Tech Person may now edit, add, move, or delete records using “batch” files.

This section is divided into **two parts**: (1) Individual record editing, and (2) Batch records editing. **The part on batch file editing begins on page F-7.**

Part 1. Individual Teacher, Subject, and Student Record Editing

All the maintenance procedures in **Part 1** (*below*) are accomplished through the administrator level Menu bar by editing, adding, deleting, or moving *individual* records (one-by-one) *manually* as instructed in each topic below. **Part 2**, (*F-7f*) dealing with batch records, is accomplished by a district tech administrator who has access to all-district or all-school database records.

View/Add/Edit Teachers and Subject Classes

Selecting “**Teachers**” in the Menu bar allows you to view, add, edit, or remove teacher information, log-in, subjects, classes, and see student lists.

The screenshot shows the 'Teachers List' interface. The menu bar at the top includes 'District Users', 'Assessments', 'Teachers' (circled in red), 'Students', 'Schools', and 'Principal'. A red callout 'Add a Teacher' points to a 'New +' button. Below the menu bar, a dropdown menu is labeled 'See Teacher Classes'. The main table has columns for 'First Name', 'Last Name', 'School', and 'Action'. Three rows of teacher data are shown: Jonathan Depp, Archibald Leach, and Tina Turner, all from Riverside Elementary. Red callouts point to the 'Log-in as Teacher' icon, 'Delete a Teacher' icon, and 'Edit Teacher Info' icon in the Action column.

	First Name	Last Name	School	Action
+	Jonathan	Depp	Riverside Elementary	[Log-in] [Edit] [Delete]
+	Archibald	Leach	Riverside Elementary	[Log-in] [Edit] [Delete]
+	Tina	Turner	Riverside Elementary	[Log-in] [Edit] [Delete]

Add a New Teacher (*Teacher Codes are now automatically generated.*)

Teachers, classes, and students will already have been enrolled in each district school based on the Enrollment Data File you uploaded previously. District or school administrators/principals are responsible for adding new teachers.

The 'Add Teacher' form shows the following fields: District (Riverside), School (RIV: Riverside Elementary), First Name, Last Name, Teacher Username, and Password. A red callout 'Select a School' points to the School dropdown. A red callout 'See CAUTION below' points to the Password field. A red callout 'SAVE changes' points to the 'Save' button, which is circled in red.

CAUTION: Teacher and student *default* usernames and password are generated *automatically* when your Pro-Core Enrollment File spreadsheet is uploaded. Administrator, teacher, and student passwords *should* be changed for added security.

When **adding** a new teacher, you *may* want to follow the Pro-Core format for Usernames and Passwords to avoid confusion unless a teacher has given you a preferred Username and Password. The *default* Pro-Core teacher **username** is the *TeacherLastnameFirstname*; the *default* teacher **password** is 987. The teacher must change the Password upon first logging-in. The teacher has the option to change their own Username as well.

WARNING: If you **delete** a teacher, you will delete the teacher’s classes as well. So, if a *new* teacher is replacing an *old* teacher, it is preferable simply to change the teacher’s name and log-in as shown *below*.

Edit Teacher Info Classes and Students

Selecting the **“Edit Teacher”** icon allows you to view, edit, add or remove teacher log-in information or subject classes, and view, move or add students, and add co-teachers.

The screenshot shows the 'Edit Teacher' page for a teacher named Jonathan Depp. The interface includes a navigation bar with 'Teachers' highlighted. The form contains fields for District (Riverside), School (Riverside Elementary), First Name (Jonathan), Last Name (Depp), Teacher Username (DeppJonathan), and Password (987). Below the form is a table of 'Available Class' with columns for Subject, Period, Class Code, and Action. The table lists two classes: ELA/Reading 4 (Period 2, Class Code 101) and Mathematics 4 (Period 3, Class Code 102). A 'Save' button is located at the bottom of the form.

Red callout boxes provide the following annotations:

- Default log-in**: Points to the Teacher Username field.
- Should be changed**: Points to the Password field.
- Add a Subject-Class**: Points to the 'New +' button in the Available Class section.
- Delete a Subject & class***: Points to the delete icon in the Action column of the Available Class table.
- View, Move, or Add Students**: Points to the view, move, and add student icons in the Action column.
- Add Co-Teacher**: Points to the add co-teacher icon in the Action column.
- Subject-Class Pop-up**: Points to the dropdown menu in the Subject column.
- Be sure to SAVE changes**: Points to the Save button.

***WARNING:** If you **delete** a teacher’s subject, you will delete the teacher’s class as well.

View and Move a Student to a Different Teacher Class

Selecting the **View Students** icon  takes you to a student list where you can view, move, or remove students to different teacher classes or exclude students from teacher-class reports.

The screenshot shows the 'Students' page with a search bar and a table of students. The table has columns for First Name, Last Name, Student Code, Subject, and Actions. The table lists three students: Inez Rodriguez (Student Code 22080, Subject ELA/Reading 4), Davone Williams (Student Code 10418, Subject ELA/Reading 4), and a third student (Student Code 04007, Subject ELA/Reading 4). A 'Select a student to exclude' callout points to the 'Exclude' checkbox in the first column. A 'Select the student's Move icon' callout points to the move icon in the Actions column.

Red callout boxes provide the following annotations:

- Select a student to exclude**: Points to the 'Exclude' checkbox in the first column of the student list.
- Select the student's Move icon**: Points to the move icon in the Actions column of the student list.

When you select an individual student’s Action icon, a “Move Student” pop-up window will appear showing the student’s current classes. You may then select the school, teacher, and class code where you want the student moved.

Move Student

Current Student: Inez Rodriguez

District:
 Currently: Riverside

School:
 Currently: Riverside Elementary

Current Classes

School	Subject	Teacher	Class Code
<input type="text" value="Riverside Elementary"/> <small>Currently: Riverside Elementary</small>	<input type="text" value="ELA/Reading 4"/> <small>Currently: ELA/Reading 4</small>	<input type="text" value="Jonathan Depp"/> <small>Currently: Jonathan Depp</small>	<input type="text" value="101"/> <small>Currently: 101</small>
<input type="text" value="Riverside Elementary"/> <small>Currently: Riverside Elementary</small>	<input type="text" value="Mathematics 4"/> <small>Currently: Mathematics 4</small>	<input type="text" value="Jonathan Depp"/> <small>Currently: Jonathan Depp</small>	<input type="text" value="102"/> <small>Currently: 102</small>

Add a Co-Teacher to a Main Teacher’s Class

Selecting the **Co-Teacher** icon  takes you to a window where you can assign a Co-Teacher to students in the selected Main Teacher’s class(es).

NOTE: The co-teacher’s name and class(es) must have been **added** previously as *above*.

Assign Co-Teacher to class

Co-Teacher:

Co-Teacher Class:

Please select students below you want to assign to Co-Teacher Class.

Search:

<input type="checkbox"/>	First Name	Last Name	Student Code	Subject	Actions
<input type="checkbox"/>	Danico	Aaron	4820	Biology	
<input type="checkbox"/>	Esby	Danica	5970	Biology	

View/Edit/Add Students and Student Classes

Selecting “**Students**” in the Menu bar allows you to view, add, edit, delete, and move students and students’ assigned subject. You may also log-in as a student. If a student leaves the district, you may *deactivate* that student in the Student Edit layout. That student’s data will not appear in any reports.

The screenshot shows the 'Students' menu interface. The 'Students' menu item is circled in red. A red callout 'Add a New Student' points to the 'New +' button. A red callout 'See Student Classes' points to the 'Available Students' dropdown. A red callout 'Log-in as student' points to the 'Log-in as student' button. A red callout 'Edit Student Info' points to the edit icon in the 'Action' column. A red callout 'Delete a Student' points to the delete icon in the 'Action' column. A red callout 'Move a student' points to the move icon in the 'Action' column. A red callout 'Student Deactivated' points to the deactivate icon in the 'Action' column. The table below shows a list of students with columns for First Name, Last Name, Gender, District, School, Grade, Student Code, Active, and Action.

	First Name	Last Name	Gender	District	School	Grade	Student Code	Active	Action
<input type="checkbox"/>	Frances	Beta	Female	Riverview	Riverview HS	10th		<input type="checkbox"/>	
<input type="checkbox"/>	Douglas	Brown	Male	Riverview	Riverview HS	10th Grade	2333000	<input checked="" type="checkbox"/>	
<input checked="" type="checkbox"/>	Eve	Alpha	Female	Riverview	Riverview HS	10th Grade	1482000	<input type="checkbox"/>	
<input type="checkbox"/>	Hailey	Rundy	Female	Riverview	Riverview HS	10th Grade	3542000	<input checked="" type="checkbox"/>	

NOTE: You may add individual students here, but go to the Teachers Menu to add multiple students to a class, or you may use the new “batch enroll” process. (see pages F-7f)

Add a New Student

Teachers, classes, and students will already have been enrolled in each district school based on the Enrollment Data File you uploaded previously.

The screenshot shows the 'Add Student' form. The 'District' field is set to 'Riverside'. The 'School' field is a dropdown menu. The 'First Name', 'Last Name', 'Student Code', 'Username', and 'Password' fields are text input boxes. The 'Gender' field is a dropdown menu. The 'Grade' field is a dropdown menu. The 'Active' checkbox is checked. The 'Save' button is at the bottom right. Red callouts point to the 'School' dropdown ('Select a School'), the 'Student Code' field ('See CAUTION below'), and the 'Save' button ('Save changes').

CAUTION: When **adding** a new student, you *must* create a **unique** Student ID Code of 4 or more digits which does not duplicate another student ID in existence in the school.

Default student passwords are *LastNameFirstInitial*. The school administrator or teacher may change student usernames or passwords.

Edit Student Info/Add Subject Classes

Selecting the **Student Info** icon allows you to view, edit, add or deactivate (remove) student information, log-in, and add subjects-classes to a student.

District Users Assessments Teachers **Students** Schools Principal

Edit Student

District: Riverview
 School: Riverview Elementary

Part 2. Batch Records Editing

For schools needing to add new teacher classes and/or students, or having to make many student teacher class changes *after the initial enrollment*, Pro-Core provides a “batch editing” function. Using this feature requires some familiarity with the school enrollment spreadsheet as described in **Section D** of this Manual.

Batch Editing File Using Action Words

WARNING: The **Pro-Core Data File** sample shown below is the *same* spreadsheet used to collect the required student and teacher data for school enrollment as described in **Section D**. It is recommended that you maintain your original school enrollment spreadsheet file which you can more easily edit and make your required changes. You may also export a copy of your enrollment data in the proper format from your **Export menu** (see page **F-10**). *This is highly recommended if school administrators have been making changes.* If you enter the changes into a new (empty) enrollment spreadsheet, **the header row is REQUIRED with the exact header field names in row 1, columns A-AA, as shown in Section D.** Case-sensitive matching is not required. The order of the columns *is* required. You may use an .xls, .xlsx, or .csv format.

All batch functions can be accomplished by entering an “**Action word**” in **column A** of your Enrollment spreadsheet file with the change(s) in the student record **row#**. You may also enter new or updated student records in a new (empty) **Pro-Core Data File template**.

A	B	C	D	E	F	G	H	I	J	K	L	M	N	O
Action	District_Name	School_Name	Student_Last_Name	Student_First_Name	Student_ID	Student_Gender	Student_Grade	Main_Teacher_Last_Name	Main_Teacher_First_Name	Period	CO-Teacher_Last_Name	CO-Teacher_First_Name	CO-Teacher_Period	Test/Subjects/Grades
	Riverside District	Riverside HS	Bailey	Larry	695530	M	10	Brown	Darnell		Andrews	Albert		ENGLISH 10

Actions words

The following **Action words** are used in **Column A** of the Pro-Core Data File

- **enroll** – enroll a new student in a teacher class subject (or may be left *empty*)
- **add** – add a new student in a teacher class subject (same as enroll; or may be left *empty*)
- **move** – move student in a subject to a different teacher class or period (or may be left *empty*)
- **delete** – delete a student from the named teacher class(es) (action word **required**)
- **delete_student** – delete a student from all class(es) in the school (action word **required**)
- **update** – change the information in *any* field (or may be left *empty*)

CAUTION: Do **not** use “move” to move a student to an entirely **new subject**. First, “**delete**” the student from the old subject class(es), then “**enroll**” or “**add**” the student to the new subject class(es).

The examples on the next page have truncated columns so that you can see the data more clearly. **Your Pro-Core Data File must contain a header row with the exact header field names in row 1, columns A-AA. See Section D of this manual for more information.**

The cells are colorized in the samples, so you can compare the data in the initial enrollment file to the changes made in each sample. Your spreadsheet does not need to be colorized in any way.

Batch Editing Samples Using Action Words

Below is a sample of an initial enrollment file.

	A	D	E	F	I	J	K	L	M	N	O
	Action	Student Last Name	Student First Name	Student ID	Main Teacher Last Name	Main Teacher First Name	Period	CO-Teacher Last Name	CO-Teacher First Name	Co-Teacher Period	Test Subject& Grade
1	enroll	Bailey	Larry	695530	Brown	Darnell	1	Andrews	Albert	1	ENGLISH 10
3	enroll	Olivo	Juan	733870	Brown	Darnell	1	Andrews	Albert	1	ENGLISH 10
4	enroll	Harvey	Barbara	737190	Oneil	Richard	2				ENGLISH 9
5	enroll	Dunbar	Trent	651140	McCall	Connie	2	Cotton	Larry	2	ENGLISH 9
6	enroll	Houston	Shaniqua	737270	Oneil	Richard	2	Mason	James	7	ENGLISH 9
7	enroll	Alman	Braden	738670	Jones	Marsha	1				PHYSICAL SCI
8	enroll	Black	Kanton	615550	Smith	Alice	4	Temple	Zelda	5	ALGEBRA 1
9	enroll	Arrigo	Marisco	741900	Grissom	Evelyn	2	Wilson	Michael	5	PHYSICAL SCI

Enroll

Your initial enrollment may include the action word “**enroll**” in column A or the column may be left empty. *Error tests* are applied during the enrollment process. See **Section E-3f** for more information.

You may “**enroll**” or “**add**” new students, teachers, and subject classes at any time using your original enrollment file or using a new Pro-Core Data File template.

	A	D	E	F	I	J	K	L	M	N	O
	Action	Student Last Name	Student First Name	Student ID	Main Teacher Last Name	Main Teacher First Name	Period	CO-Teacher Last Name	CO-Teacher First Name	Co-Teacher Period	Test Subject& Grade
1											
2	enroll	Harris	Kenneth	734350	Lawson	Anette	2				BIOLOGY
3	add	Bell	Lester	704040	Lawson	Anette	2	Ramirez	Juan	1	BIOLOGY
4		Bailey	Larry	695530	Brown	Darnell	1	Andrews	Albert	1	ENGLISH 10
5		Olivo	Juan	733870	Brown	Darnell	1	Andrews	Albert	1	ENGLISH 10

Enroll or Add

In the example above, students Harris and Bell have been **added** to the *original enrollment* data file. Column A for Bailey and Olivo are left empty because they were previously enrolled. If this were a *new* data file, the records for Bailey and Olivo would not need to be included.

You may “**delete**” students only after they have been enrolled in Pro-Core.

	A	D	E	F	I	J	K	L	M	N	O
	Action	Student Last Name	Student First Name	Student ID	Main Teacher Last Name	Main Teacher First Name	Period	CO-Teacher Last Name	CO-Teacher First Name	Co-Teacher Period	Test Subject& Grade
1											
6	delete	Harvey	Barbara	737190	Oneil	Richard	2				ENGLISH 9
7	delete	Dunbar	Trent	651140	McCall	Connie	2	Cotton	Larry	2	ENGLISH 9
8	delete_student	Houston	Shaniqua	737270	Oneil	Richard	2	Mason	James	7	ENGLISH 9

Delete student from classes

Delete student From ALL classes

In the example above, student Harvey will be **deleted** from Oneil’s English9 class *only*. Student Dunbar will be **deleted** from *both* McCall’s (main teacher) and Cotton’s (co-teacher) classes. Student Houston will be **deleted** from Oneil and Mason’s classes and *all* other classes in which she is enrolled. The action words “**delete**” or “**delete_student**” *must* be used to delete student records.

You may “**move**” students only after they have been enrolled in Pro-Core.

	A	D	E	F	I	J	K	L	M	N	O
	Action	Student Last Name	Student First Name	Student ID	Main Teacher Last Name	Main Teacher First Name	Period	CO-Teacher Last Name	CO-Teacher First Name	Co-Teacher Period	Test Subject& Grade
9	move	Alman	Braden	738670	Grissom	Evelyn	2				PHYSICAL SCI
10	move	Black	Kanton	615550	Demoto	Mario	5	Temple	Zelda		5 ALGEBRA 1
11	move	Arrigo	Marisco	741900	Grissom	Evelyn		2 Lopez	Juanita		2 PHYSICAL SCI

Move Student to new classes

In the example above, student Alman will be **moved** from Jones’s class to Grissom’s class. Student Black will be **moved** from Smith’s class to Demoto’s class, but **remain** in Temple’s class. Student Arrigo will **remain** in Grissom’s class, but be **moved** from Wilson’s to Lopez’s class.

CAUTION: In moving students to a different teacher class or district school, the changed name must be spelled **exactly** the way the name is spelled as enrolled in the Pro-Core system.

The action word “**update**” may be used to make *any* changes in *any* student record field—except Student ID and Test Subject&Grade

	A	D	E	F	I	J	K	O	P	Q	R	S	T
	Action	Student_Last Name	Student_First Name	Student_ID	Main_Teacher Last_Name	Main_Teacher First_Name	Period	Test_Subject& Grade	Subgroup1: Racial/Ethnic Group Code	Subgroup2: IEP/Special Education	Subgroup3: 504 Plan	Subgroup4: Gifted	Subgroup5: English Learner
2	update	Bailey	Lawrence	695530	Brown	Darnell	1	ENGLISH 10	H	N	N	Y	Y

Update info

In the example above, student Baily’s First_Name has been **updated** from” Larry” to “Lawrence,” and the student’s Subgroup 4 and Subgroup 5 have been **updated** “ from “N” to “Y.”

The Action word field *may* be left empty in most cases *except* for “delete” and “delete_student.” But we recommend using the action words, so that you may keep track of any changes you make in the Pro-Core system. If any discrepancies are found, you can more easily trace the source if you have a record of the intended action.

What May Not be Done with Action Words

- **You may not change a Student ID**
Once enrolled, the student’s unique student ID is used by the student to log-into the Pro-Core system and to keep track of the student’s work. If a student’s ID is incorrect, the student must be *deleted* and *re-enrolled* (added) into the system using their corrected ID. Any work completed will be lost
- **You may not change a student’s Test Subject**
If a student has been enrolled into an incorrect subject, you may *delete* the student from that subject and *re-enroll* (add) the student into the correct teacher subject class. Any work completed in the previous subject will be lost

Export Enrollment Data

There are three *pre-programmed* export files that you may find useful for viewing test results in a spreadsheet format or reviewing your school enrollment records.

Select “**Export Enrollment Data**” to export a file copy of your school enrollments. It is most useful for record maintenance and may be used as a *batch file* for re-enrollment or batch editing functions using “Action” words.

CAUTION: It is highly recommended that you use the most current **Export Enrollment Data file** if school administrators have been making changes themselves since your original enrollments. This will avoid school-level changes being reverted to the original enrollments.

See **Section H, pages 13 and 14**, in this Manual for further information about the other **export** files listed above.

➤ *The next Section G deals with District Administrator Settings.*
