

APPENDIX 5

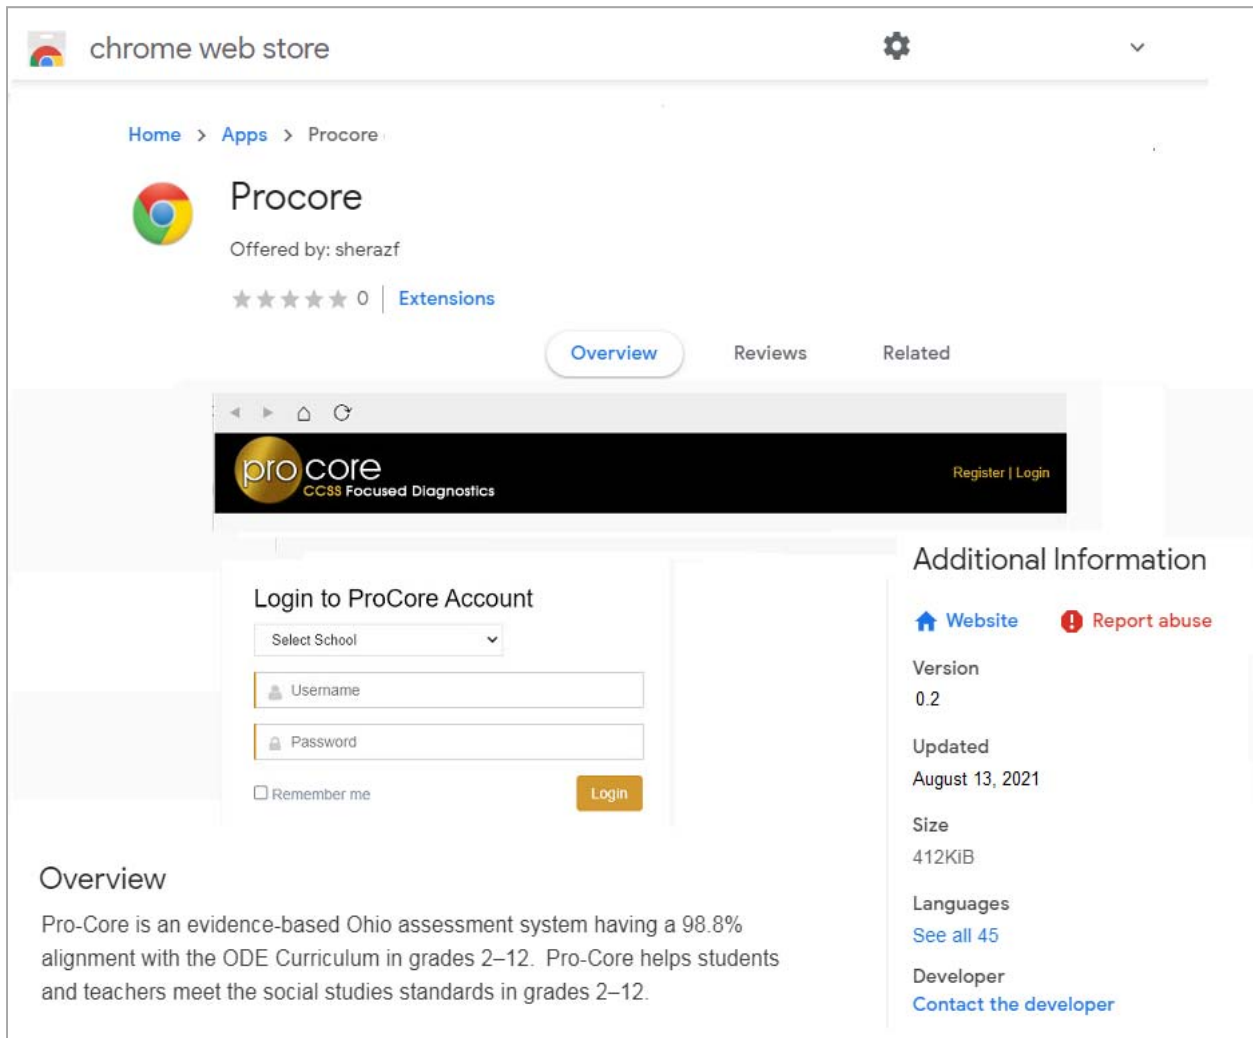

Using Pro-Core with Special Systems

Using Chromebooks Kiosk with Pro-Core

For schools using Chromebooks, you can set up student **Chromebooks in Kiosk mode** for Pro-Core Assessments. When set up properly, Chromebooks meet K–12 education testing standards and are a secure platform for student assessments.

With Chromebooks in Kiosk mode, you can disable students' access to browse the web during an exam, external storage, screenshots, and the ability to print.

Update Download the **Pro-Core app** for Chromebooks directly from the Chrome Web Store at: <https://chrome.google.com/webstore/detail/procore/pimdfeehahcgjojokailpnhgdaajiam?hl=en&authuser=0>

Chromebooks requirements and set-up information and support are found on the Chromebooks web site Support page: <https://support.google.com/chrome/a/answer/3273084?hl=en>

To close the kiosk app and return to the regular sign-in screen, press **Ctrl + Alt + s**.
